

# Streamline Commission Processing and Payment via a Flexible, Turnkey Solution

Travel Agency Commission Settlement from NTT DATA

## Benefits:

- Strengthen your agency relationships with a reliable, professional payment service personalized for their needs.
- Increase your efficiency, reduce costs and minimize friction with hotels and agencies.
- Gain peace of mind with a solution that functions as an extension of your business and your best interests.
- Reduce complexity with a simple, straightforward business model that's easy to understand.
- Broaden your reach with a fair payment process that doesn't require your travel partners to have any memberships.
- Gain control of your choices for processing rules, scheduling, inquiry resolution, tax and invoicing

## Enhancing the strength of your valuable travel channel partnerships

Tracking all required commissions and ensuring you're paying travel partners using their preferred method and in a timely fashion can be time consuming and complex. But a failure to pay correct amounts at the appropriate time can damage your organization's relationships with valued travel partners — and negatively impact guest referrals.

## TACS is fast, easy, flexible

Travel Agency Commission Settlement (TACS) from NTT DATA, a commission payment settlement solution, keeps your partners delighted with their commissions — and ensures a steady flow of referrals. TACS simplifies the commission process, making processing and payment easy, accurate and automatic.

By integrating our payment management system interface with banking, data management, distribution, customer service and reporting, you get a comprehensive commission payment solution. And TACS isn't just "one size fits all." NTT DATA tailors the solution to fit your business and continues to work with you to meet your needs as they evolve.

## TACS works for you and your travel partners 24x7

Imagine an integrated, automated commission processing and payment solution that accurately tracks details, such as currency, preferred payee methods and preferences, and payment cycle, of every travel partner across the globe who refers business to you — while providing 24x7 online availability of all pertinent commission information. Our TACS solution does just that, managing your processing-to-payment administrative responsibilities and offering portal-based support to all agencies without requiring membership.

TACS features a transparent business model with no hidden charges or conflicts of interest. It's simple and straightforward, offering customization capabilities that only a system integrator like NTT DATA can provide.

## The solution can help you

### Seamlessly pay commissions

without skimming to over 200,000 agencies using an integrated process

### Improve communications

via an automated help desk that provides instant answers to agencies and hotel properties

without skimming to over 200,000 agencies using an integrated process

### Reduce headcount

via an automated help desk that provides instant answers to agencies and hotel properties

It also benefits your travel channel partners, enabling

Streamlined processes

Fewer errors

Reduced expenses

### Commission settlement doesn't get easier

Uniquely configurable, NTT DATA's proprietary platform for global transaction processing and settlement integrates banking, data management, distribution and customer service functions in a turnkey solution that's used by many in the hospitality industry. TACS frees you from the complexities of commission processing and payment; your partners receive the full commission they've earned in a timely fashion, and you reap the rewards associated with increased occupancy and higher value guests.

Our TACS solution also:

- Operates across all travel and hospitality business service lines
- Offers total foreign exchange transparency and free 24x7 online access to all relevant payment information
- Requires no membership on the part of any of your travel partners.

### TACS delivers accurate data to give you actionable insights

Using advanced reporting and data analytics capabilities, TACS yields crucial, actionable information that improves the accuracy, quality and timeliness of your critical business decisions.

Join our clients who appreciate our commitment to addressing their specific concerns, as well as the flexibility of our highly configurable solution. You'll enjoy a collaborative working style and our dedication to continuous optimization and innovation to help hotels like yours stay ahead of the curve as the travel and hospitality industry — and the technology that supports it — continues to evolve.

TACS frees you from the complexities of commission processing and payment, letting you reap the rewards associated with increased occupancy and higher value guests.
