At the heart of our company are the innovators who drive ideas, know-how and ingenuity throughout the organization. NTT DATA is always looking for outstanding professionals to join our team.

**NTT DATA**  
Global IT Innovator

# Life as an Innovator

At NTT DATA, we live for driving outcomes that keep our clients a step ahead in this digitally dynamic world. As a top 10 global services provider with 100,000+ employees in more than 50 countries, we excel in blending IT and business expertise with decades of industry know-how. NTT DATA is part of NTT Group, whose portfolio includes NTT Communications, Dimension Data, NTT Security and NTT Docomo.

NTT DATA's heritage crosses continents and cultures, dating back five decades. We've grown by hiring the best talent and acquiring cutting-edge IT services providers across the globe. This pedigree has created a unique culture at NTT DATA: one with the size and clout of a global brand and the creative energy of a start-up.

We're looking for innovators who want to join a winning team that is ahead of the curve when it comes to offering business and technology services, including strategy, project management, business analysis, software and web development and testing.

As a sponsor and official IT services partner of the Chip Ganassi Racing Team, we share the values of innovation, speed, precision and teamwork.

## What We Do

NTT DATA partners with clients to navigate the modern complexities of business and technology to deliver the insights, solutions and outcomes that matter most.

Innovation that makes a difference is at the heart of what we do. We focus on the processes, systems and resources that will have the greatest impact on productivity in the least amount of time — from digital business initiatives to legacy modernization. We couple the spirit of innovation with the winning combination of

teamwork, precision and speed to rise to the forefront of technology. As a global IT innovator, we help our clients address today's challenges, and tomorrow's — whether it's to help jump-start their cloud migration, reinvent the customer experience, streamline business processes or upgrade aging infrastructure. Throughout it all, our work is guided by our values: placing our clients' needs first, applying foresight to every engagement and working as a team.
